**INTERNATIONAL PRIVATE SECTOR INVESTMENT CONFERENCE /  
BUSINESS FORUM AND EXHIBITION ISLAMABAD-PAKISTAN,  
OCTOBER 23-25, 2009**

Federation of Pakistan Chambers of Commerce & Industry (FPCCI) is organizing an "International Private Sector Investment Conference / Business Forum and Exhibition" for the promotion and enhancement of investment and trade ties between Pakistan and participating countries. The Forum will be held in Islamabad, Pakistan, on October 23-25, 2009 under the theme "Discover the Resources & Potential of Pakistan through Trade and not Aid".

2. The objective of the Forum is to build and strengthen effective public-private partnership mechanisms for capacity building, through enhanced networking, entrepreneurial mentorship and information exchange between the among trade policy-makers, promotion agencies, relevant multilateral organizations, research and academic institutions as well as private sector partners. The policy of Government of Pakistan on foreign investment and trade would be highlighted, including Privatization programme, etc.

3. The event will give the participating countries an opportunity and a platform for economic and business activities that will engage them in commercial dialogue, networking with their counterparts from Pakistan for exchanging views on current economic trends and establishing business relationships with a wide spectrum of industries for advancing trade-led economic growth. In short, to let the world know that Pakistani businessmen are ready for business with all thier resources for investment and joint ventures in various sectors mutually beneficial to the participating countries.

4. It is expected that a large number of key international personalities around the globe, dignitaries, businessmen, industrialists, investors, UN Agencies, International Organizations/Banks and Financial Institutions would attend the Forum.

5. The above is being circulated for information of the business community. For further information, FPCCI can be contacted at the following address:
